"You with the sad eyes..." -True Colors, Artists Against Bullying.

There have always been different reasons I fell for you.

You were kind.

You treated me as an equal.

I never thought...

I never thought I'd find someone better than Astrid.

Your eyes a brighter blue.

But,

they're always...

full of sadness.

I want to know why.

Your sad eyes are always on my mind.

Tell me.

Please.

What's wrong?

I want to help.

I know you've been there for me,

so let me be there for you.

Jack.

Please.

I know,

you're scared.

I understand it hurts.

But I will be there for you.

I promise.

I won't stop believing.

I won't leave you alone.

I know that it's hard,

I understand you want to know why.

And we'll figure it out together.

My life has changed because of you.

And I want to help you.

So let me.

Let me be to you,

what you are to me.

Someone to lean on.

Someone whose shoulder you can cry on.

I will be that person.

And I promise,

to the bottom of my heart,

that I will take away that sadness in your eyes.

Because you,

Jack,

took away the sadness in my eyes.
